CURRENT POSITION

I am a Professor of Pharmaceutical Chemistry in the School of Pharmacy and currently the Principal of the College of Health Sciences, University of Nairobi. The college of health sciences comprises of the Schools of; Medicine, Pharmacy, Dental Sciences, Nursing Sciences and Public Health, the University of Nairobi Institute of Tropical and Infectious Diseases, KAVI-Institute of Clinical Research and the Centre for HIV/Aids Research and Prevention each headed by a dean or a director. I serve as the Administrative, Financial and Academic head of the college. I am responsible for all research activities at the College ensuring compliance to project objectives and prudent utilization of resources per approved budgets. I

have competently handled college responsibilities and guided its expansion and excellent performance. Under my guidance, CHS attained position **Two** out of six colleges in performance contracting in the financial year 2009/2010, position **One** in 2010/2011, **Two** in 2011/2 and **One** in 2012/3.

Over 34 years as a pharmacist, I have held various positions in the Pharmaceutical Society of Kenya including the Chairmanship for a period of 6 years. I have broad experience in the pharmaceutical regulatory systems in Kenya and specifically in the quality control and quality assurance of medicines. Due to my commitment and exemplary pharmaceutical services, I was awarded the “Head of State Commendation“ and the Pharmaceutical Society of Kenya conferred on me the title of “Fellow of the Pharmaceutical Society of Kenya”.

In summary, I have demonstrated a record of a successful, resourceful, competent and productive pharmacist/leader well prepared and capable of shouldering any responsibility entrusted to me.

INCOME GENERATION AND INTELLECTUAL PROPERTY

- DARU. Generates over a million shillings yearly. Facilities and resources are used to teach students in practicals and research projects.
- Formulated *Prunus Africana* extract into a suitable dosage form (PROSGEM^R caps) for treatment of benign prostate hyperplasia.

RESEARCH FUNDING AND ADMINISTRATION OF GRANTS

1. Evaluation of extracts from selected medicinal plants in Kenya for anthelmintic activity. (2001-3). Funding agency: African Career Awards, Rockefeller Foundation (2001 AR 006). Grant value USD 32,000. Principal Investigator: Grace N. Thoithi, Co-investigators; I.O. Kibwage and J.W. Mwangi, and Peter Gathumbi.
2. Evaluation of medicinal plants for anthelmintic activity. Funding agency Agricultural Research Fund (ARF/LSKP/1001078/1), Kenya. (2000-3). Grant value: KSh.3,610,156. Principal investigator: Peter Gathumbi, Principal Co-investigator:

Grace N. Thoithi, Co-investigators; I.O. Kibwage and J.W. Mwangi and Maingi. It won third National scientific Award.

3. Didactic and scientific collaboration with the laboratories of Pharmacognosy and Pharmaceutical Chemistry of Katholieke Universiteit Leuven, Belgium. (1995 - 2000). Funding agency: VLIR, Belgium. Grant value about KShs.26 Million (BEF. 15,905,000); Collaborators: at UoN, Prof. I.O. Kibwage (Project leader, Nairobi), Prof. A.N. Guantai and Prof. J.W. Mwangi and at K.U. Leuven, Prof. Hoogmartens (Project leader, Leuven) and Prof. G. Laekeman.
4. Quality control of pharmaceuticals on the Kenyan market. (1991 – 1995). Funding agency: VLIR, Belgium. Grant value about KShs.30 Million; Collaborators I.O. Kibwage and Prof. J. Hoogmartens of Katholieke Universiteit Leuven, Belgium.

BENEFITS FROM PAST PROJECTS AND PERSONAL CONTACTS

A. Human Resources Capacity Development

1. Masters and Doctor of Philosophy thesis.

- (a) **University Staff;** Masters (5) and PhDs (2).
- (b) **Staff of Ministry of Health;** Masters (2) and PhDs (3).

2. Technology transfer

Facilitated eight laboratory technologists to spend one year at K.U. Leuven, Belgium for purposes of learning laboratory skills. These were in the area of Pharmaceutical Analysis and Quality Control, Pharmacy Practice, Pharmaceutics, Pharmacology and Pharmacognosy. Seven staff were from the core departments of the School as follows,

- Department of Pharmaceutical Chemistry (3),
- Department of Pharmaceutics and Pharmacy Practice (2) and
- Department of Pharmacology/Pharmacognosy (2).

One was from National quality control laboratory, Ministry of Health.

B. Equipment and other Resources

- (1) Equipment for the projects still being used for research and teaching Pharmacy students.

- (2) Obtained and continue to obtain donations of some second hand equipment for teaching in the Departments and Faculty.
- (3) Solicited and obtained specialized pharmacy books for the Faculty library.

TEACHING EXPERIENCES

Lectures on Medicinal Chemistry and Pharmaceutical Analysis, at both undergraduate and postgraduate levels. On the average I supervised on 4 undergraduate student projects every year. I have successfully supervised **9** students for Masters Degrees and **4** PhD theses. Two students are carrying out research for their PhD.

In addition I have been an external examiner for Bachelor of Pharmacy examinations in Tanzania and Uganda

Thesis Examination

I have also examined a number of Master degree, Doctor of Medicine [*F. Were*] and Doctor of Philosophy theses locally.

Internationally I have examined a number of Masters theses and PhD theses: [K.Mangera, 1998 & **J. Orwa** at KU Leuven, [Omary Minzi 2006 & Runyoro 2009 at Muhimbili University of Health Sciences, [Muhammad Ntale ,2009 at Makerere University.

RESEARCH EXPERIENCE AND INTERESTS

Head of Drug Analysis Research Unit (DARU)

1. Overall supervision of research at DARU inclusive of routine analysis of commercial samples and method development. (1988 to Date).
2. Good Pharmaceutical manufacturing practices with emphasis on the formulations and quality of products.
3. Disposition of drugs in the body
4. Development of analytical methods and their applications in biomedical, pharmaceutical and drug analysis (Emphasis on Anti-tubercular, Anti-malaria, antiviral antiepileptic drugs among others).
5. Isolation and Characterization of new compounds.

6. Synthesis of impurities
7. 1997 to date. Investigation of Kenyan Plants containing essential oils. Determination of the chemical composition the oils and their pharmacological activity.
8. 2000 to date: Evaluation of Kenyan Medicinal plants for their anthelmintic activity.
9. 2000 to date: Evaluation of Kenyan Medicinal plants for their trypanocidal activity.

Head of Antimalarial Laboratory (WHO accredited)

1. Activity guided Isolation of Compound from Herbs
2. Screening of compound for antimalarial activity.
3. Scientific Advisor, Evaluation of Kenyan plants for their antimalarial activity. World Health Organization funded. (Principal Investigator, Dr. H.A. Okech-Rabbah)

Operational Research

1. Development and testing of tools for measuring Access to Antimalarial drugs in Kenya
2. Measuring drug prices in Low and Middle level income developing countries.
3. Drug utilization and cost patterns in selected health care facilities in Kenya .

Collaborative Research

1. Interfaculty Collaboration, University of Nairobi, Funded by Carnegie Foundation
2. Interdepartmental research group on herbal medicines
3. Research on Phytochemistry with scientists in Argentina, United Kingdom and Tanzania.

NATIONAL AND INTERNATIONAL POSITIONS

1. Member, Medical and Health Services Providers and Allied Industries Committee. Directorate of Industrial Training, Ministry of Labor and Human Resource Development. Feb.2009
2. Member, Nairobi Health Management Board. (2007 to date).
[Sub-Committee: Curative/Clinical Services]
3. Member, Board of Directors, Kenyatta National Hospital (2007 to date) - Performance score ..%, (2012).
[**Chairman**, Sub-Committee: Standards, Quality Assurance, ethics and research]
4. Member, Board of Management, Kenya Medical Training Colleges (2007 to date). - Performance score 94%, (2011-2) and 96 % (2012-3)

[Sub-Committee: Standards and Ethics]

5. Member, Board of Directors, School Equipment Production Unit, Ministry of Education. (2006-8).

[Sub-Committee: Financial and General Purposes committee (Chairman)].

6. Chairman, Board of Governors, Menyenya High School, Nyamira District. (2005 -8).
7. Chairman, Board of Management, National Quality Control Laboratory (2005 to date and Member, 1993-1999).
8. Member (No. 482), National Constitutional Conference, Kenya (2002-3).
9. Member, traditional medicines and drugs research program committee, Kenya Medical Research Institute (1994).
10. Member, World Health Organization Expert Committee on the International Pharmacopoeia and Pharmaceutical Preparations (1993).
11. Assistant secretary and executive member, Board of Trustees, Pharmacy Development Trust (1993).
12. Collaborator, World Health Organization program on 'Basic Tests for Pharmaceutical Dosage forms (1987).
13. Consultant in Quality Control of Pharmaceutical, Ministry of Health and the Local Industry (1987).
14. Chairman, Committee on Drug Registration, (Human Drugs), Pharmacy and Poisons Board, Ministry of Health (1997-2000).
15. Pharmaceutical Expert, on Human Drugs registration (1991-2000), and on Veterinary Drugs Registration, (1986-1991), Pharmacy and Poisons Board, Ministry of Health (1986-2000).
16. Member, Steering Committee, Impact (K (1990-95).
17. Member, Pharmacy and Poisons Board, Government of Kenya (1988-94).
18. Assessor for promotions to positions of Senior lecturer, Associate Professor and Professors at Makerere University and Muhimbili University of Health Sciences. (To date)

PROFESSIONAL AND EXTRA CURRICULAR ACTIVITIES

A. Positions held

1. The Pharmaceutical Society of Kenya [Chairman, (1994-95 and 2002-7).
2. Patron, Nairobi University Pharmacy Students Association, UON (1994-2003)
3. Chairman, Education Committee, the Pharmaceutical Society of Kenya (1989-94)
4. Secretary, Education Committee, Pharmaceutical Society of Kenya (1987-9)
5. Founding Chairman, Association of Kenya Students in Belgium (1983-4)
6. Founding Chairman, Leuven East African Student Union, Leuven, Belgium (1983-4)
7. Founding Chairman, Nairobi University Pharmacy Students Association (NUPSA), UON. (1977-9).

B. Editorial roles

1. East and Central African Journal of Pharmaceutical Sciences. - Editor
2. The Pharmaceutical Journal of Kenya [Editor in Chief, 1991-96; Scientific editor and Secretary of Editorial Board, 1987-91]
3. Pharmaceutical Journal of Kenya. - Editorial consultant. (1992 to date)
4. NuPharma. - Editorial advisor
5. New African Journal of Medicine. - Editor

MEMBERSHIP OF SOCIETIES

1. Chromatographic Society (U.K)
2. American Association for Advancement of the Sciences
3. National Geographic
4. New York Academy of Sciences (USA)
5. Pharmaceutical Society of Kenya
6. Royal Society of Chemistry (U.K), Chartered Chemist, Chartered Scientist.
7. Former Member, Pharmaceutical Society of Belgium.

CONSULTANCY ACTIVITIES

1. Local HERA Consultant on the Kenya Pharmaceutical sector Review: Quality Assurance. August 2004 - January 2005
2. Development and Pre-testing of tools for measuring Access to Antimalarial medicines in Kenya. October-November 2002. World Health Organization Funded Study.
3. Measuring drug prices in low and middle income countries. The Kenya Study. October 22 - November 16, 2001. Health Action International and World Health Organization co-funded Study. Principal Investigator of Kenyan Study.

4. Participant and Editor of proceedings. Development of the Kenya National Drug Policy. 24th February - 1st March, 1991; 21st - 26th April, 1991; and 23rd - 29th August, 1991; 29th Sep - 4th October, 1991 and 6 - 10 September 1993.
5. National Poison Information Control Center: A project proposal. Ministry of Health (January 1989)
6. National Drug Quality Control Laboratory: Implementation Proposal. GTZ/Ministry of Health (February-April 1988)
